The Power of Membership

What does being a member mean? For trucking companies, it means contributing to the betterment of the industry, using the power of many to create change and better a business environment. For affiliates it means connection, promotion, and industry support.

Membership assists the industry as a whole, but it also has a direct benefit to you. There are discounts on services, training, event access, scholarships etc. STA membership is your seat at the table when dealing with regulatory bodies and the evolving landscape of the trucking industry in Saskatchewan. Membership is your key to the trucking industry knowledge center offering advocacy opportunities, industry education and business assistance.

Why Be a Member?

- An STA Membership is your seat at the table when dealing with regulatory bodies and the evolving landscape of the trucking industry in Saskatchewan. Membership is your key to the trucking industry knowledge center offering advocacy opportunities, industry education and business assistance.
- In order to have a vote, a voice and the knowledge of issues currently affecting trucking operations, companies need to be Members of the Association. The STA is the only provincial trucking company in Saskatchewan and the only transportation association in the province that is a member of the Federal Lobby Group, the Canadian Trucking Alliance.
- To drive change in the trucking industry, companies must use a collective voice in dealing with policy makers and the public. The STA's Membership is comprised of the most influential trucking company executives and the biggest movers and shakers in supporting industries. They are the leaders and voice of truck transport in Saskatchewan. As a trucking company – don't you feel like you should get in on that too? If change is going to happen – don't you think it should happen in the best interest of the trucking industry... and your company?

STA is a Full Service Membership Organization

As a result of the 2016 strategic plan, the Association focused efforts in 2019 towards safety advocacy, increased training, and strengthening the voice of the Association through establishing a common set of priorities for the trucking industry.

For over 80 years, the STA has depended on our collective voice taking the concerns of our members and turning them into actionable items. There is no doubt there is power in numbers. Join us today to find out how!
